# Install the Fixture

- 1 Secure the mounting plate to the junction box.
- 2 Connect the fixture to a suitable ground in accordance to local electrical codes.
- 3 Connect the white fixture wire (square and/or rigid) to the neutral power line wire with a wire nut.
- 4 Connect the black fixture wire (round and/or smooth) to the hot power line wire with a wire nut.
- 5 Neatly place all the wires into the junction box, place the canopy onto the mounting plate, and secure it in place using the fixture screws.
- 6 Install the glass by carefully placing it on to the socket and secure it using a collar nut. Repeat for each socket
- 7 Screw the lamps into the sockets. Refer to the label on the lamp socket for Max Wattage information.
